DIRECTORS' REPORT

Your Directors present the Annual Report together with the audited financial statements for the year ended 31 March 2025.

FINANCIAL HIGHLIGHTS

THE PRINCIPAL FINANCIAL RESULTS FOR THE YEAR AND THE COMPARATIVE PERIOD IS SET OUT BELOW, DRAWN FROM THE MEASUREMENT AND BILLING RECORDS FOR THE CONTRACT.

	FY 2024-25	FY 2023-24
Gross billings	Rs. 23356.37 Lakh	Rs. 24218.26 Lakh
Net revenue from operations	Rs. 23196.28 Lakh	Rs. 24103.11 Lakh
Profit for the year	Rs. -3,90,26,159	Rs. 753.38 Lakh

The year under review saw steady execution across the Company's business units. Your Directors remain focused on disciplined bidding, timely certification of running-account bills and recovery of retention and statutory receivables.

MANAGEMENT'S DISCUSSION – OPERATING REVIEW

The financial year under review was executed against an order book that the Board considers adequate for the near term. Revenue is recognised on the percentage-of-completion basis across the contract portfolio, and the movement in turnover between the comparative periods reflects the stage of execution reached on the larger packages rather than any change in the commercial terms on which work is taken.

Margins remained within the range the Board regards as sustainable for this class of work. Input costs — principally cement, steel and bitumen — continued to move with the published indices, and where a contract carries a price-variation clause the recovery has been billed in the normal course. Where it does not, the exposure was absorbed within the tendered rates.

Receivables continue to be dominated by government and public-sector clients, whose payment cycles are longer than those of private counterparties but whose credit risk the Board assesses as low. Retention money is released progressively on expiry of the defect liability periods, and no material amount is regarded as doubtful of recovery at the balance-sheet date.

The Company met its statutory obligations in respect of goods and services tax, tax deducted at source and provident-fund contributions during the year, and holds current registrations for every jurisdiction in which it operates.

STATE OF AFFAIRS & ORDER BOOK

17 contracts remained in execution as at year end with an aggregate awarded value of Rs. 56796.04 Lakh (including approved variations of Rs. 13823.06 Lakh across 75 variation orders). 7 credit notes aggregating Rs. 160.09 Lakh were absorbed in revenue.

MANAGEMENT DISCUSSION & ANALYSIS

SEGMENT COMMENTARY

The segmental analysis below follows the internal work-category reporting used by management to allocate resources. Movements between categories year on year reflect the natural completion cycle of the underlying packages rather than a deliberate change in the Company's market focus; a single large package reaching substantial completion can move a category materially in either direction.

SEGMENT REVENUE (NET)

THE FOLLOWING TABLE RECORDS REVENUE BY WORK CATEGORY, NET OF CREDIT NOTES, RECONCILED AGAINST THE UNDERLYING VOUCHERS BEFORE ISSUE.

QUARTERLY NET REVENUE

THE TABLE BELOW SETS OUT THE DISTRIBUTION OF REVENUE ACROSS THE FOUR QUARTERS, AS CERTIFIED BY THE OFFICERS NAMED AT THE FOOT OF THIS DOCUMENT.

Quarter	Net revenue
Q1 FY2024-25	597,303,984
Q2 FY2024-25	666,499,999
Q3 FY2024-25	633,600,529
Q4 FY2024-25	422,222,996

CLIENT CONCENTRATION

The Board reviews client concentration at each meeting. A significant share of billings arises from a limited number of public-sector authorities, which is characteristic of the sector and of the tendering

process through which work is secured. The Board does not consider this a concentration of credit risk, but it does keep the position under review and continues to tender across a spread of authorities and geographies.

PRINCIPAL CLIENTS (BY BILLINGS)

THE FOLLOWING TABLE RECORDS THE CLIENTS ACCOUNTING FOR THE LARGEST SHARE OF BILLINGS, AS CERTIFIED BY THE OFFICERS NAMED AT THE FOOT OF THIS DOCUMENT.

Client	Billings (gross)
Lakshya Engineering & Construction	500,899,280
National Special Projects Office	196,645,960
Jal Nigam, Jharkhand	195,851,540
Trishakti Power Generation Corporation	183,116,070
Lakshya Engineering & Construction	151,929,428
Mahanadi Steel Corporation	151,763,331
Meridian Constructors & Co.	140,866,839
Subarnarekha Valley Corporation	107,930,013
Meridian Constructors & Co.	97,563,984
Arunodaya Infrastructure	97,136,037

Order inflow remained healthy across roads, water and building segments. Margins were protected through procurement discipline and recovery-focused billing.

CREDIT NOTES — EXPLANATORY NOTE

Credit notes arise in the ordinary course, principally on remeasurement of executed quantities following joint survey, and on deductions agreed with the client at the time of final billing. They are recorded against the invoice to which they relate, so the turnover reported in these accounts is stated net of them. The Board draws attention to this because the gross billing figure, which appears in the order-book disclosures, is necessarily the larger number.
